Mr. Rullin Hurt's fitness for the office of Circuit Judge cannot be called into question.

The canvass for Circuit Judge in this district is on and Rollin Hurt is in the fight to win.

It is hinted that Gov. Taft will discover "blow holes" in Mr. Rullin's administration of the War Department.

Large crowds greet Governor Beckham at every speaking. The boys are in the saddle and victory by a large majority is in sight.

Every business man in interest in having a man for Circuit Judge who is qualified in every particular. Hon. Rollin Hurt is that man.

Judging from newspaper reports the opening of the Republican campaign at Manfordville, last Saturday, was a tame affair.

Congressman Vincent Borling, who has been critically ill at his home in London, is thought to be some better. He has double pneumonia.

Mr. Rollin Hurt's candidacy for Circuit Judge has created great enthusiasm throughout the district. He is a popular gentleman and a lawyer of well-known ability.

There are now on the rolls 990-5 pensioners. The average amount of each pension is \$183. The Spanish War pension roll has reached \$1,705,810, and applications continue to go in.

J. H. Newman, of Tompkinsville, is the Chairman of the Republican State Campaign Committee. With a perfectly Newman to conduct affairs, the canvass will drag itself to death.

No man has ever announced himself a candidate for office who met more genuine enthusiasm than Rollin Hurt, who seeks to be elected Circuit Judge of this the 29th judicial district.

This district is composed of the counties of Adair, Casey, Cumberland, Metcalfe, Russell and Monroe. Mr. Hurt is popular in all six of the counties and his friends are glad that he is seeking to be elected Circuit Judge of the district.

Heat was very oppressive at every point in Kentucky last Saturday with one exception—Manfordville, where Mr. Bellnap spoke. Judging from the picture of the speaker, the crowd in attendance, dressed in overcoats, wearing ear-muffs and gloves, it must have been freezing at that place. Simon Bolivar Buckner managed to keep his nose warm by continuously puffing his cob-pipe.

GOV. BECKHAM AND JON OLLIE JAMES VISIT

On the 8th of this month Governor Beckham and Congressman Ollie James entered the Eleventh Congressional district in the interest of the Democratic ticket. Their first appointment being at Liberty. We are informed that an unusually large crowd was present and that more genuine enthusiasm was manifested than for many years. The next appointment was at Jamestown and there fully 1,000 were out to hear the two distinguished gentlemen and to give them a hearty welcome.

From Jamestown to Columbia many were out on the road side to see the Governor and to give him a hearty shake of the hand, and in justice to Mr. Beckham, it seemed to us that he enjoyed stopping and shaking hands with the men, women and children even more than they, if possible. We remarked to him that our people in this part of the State rarely had an opportunity to meet our most distinguished citizens and officials, and while it might be considered by some as satisfying a curiosity to see a Governor, yet it is his character and make-up to show their appreciation of his visit to this section. He remarked that it was a great pleasure to be in this part of the State, that the desire manifested along the route to meet him was truly commendable and highly appreciated by himself.

On reaching Columbia, he and Mr. James and the two reporters, Graham Vreeland, of the Courier-Journal, and Tom Wallace of the Herald, were all given a hearty welcome at the Marum Hotel and every courtesy shown within the reach of our people to make their stay a pleasant one. Early Thursday morning a reception was held in the public room of the hotel, the Governor being introduced to hundreds of Democrats by Mr. Jas. Gamett, Jr.

In the afternoon fully 8,000 people assembled on our Fair Grounds to hear the issue presented from a Democratic standpoint. Gov. Beckham was introduced in a brief and interesting manner by Hon. J. P. Montgomery and Congressman James made his bow to the vast assembly after Judge James Gamett had enthusiastically introduced him.

Gov. Beckham's speech was along the line of his opening address at Winchester which is published on the first page of this paper. He is an easy and pleasant speaker and during the one hour and ten minutes which he occupied he had the undivided attention of the vast throng who heard him. Upon concluding the ladies showed their appreciation of his coming by presenting him with hand-some bouquets. Mr. James spoke pointedly and was continuously applauded.

The next day Greensburg was reached by 10:30 and the Governor and his associates drove to the ball grounds where the Lebanon team had come to show the Greensburg boys how to play ball. The game was promptly called and Governor Beckham pulled his coat, stepped into the box and pitched the first ball like an old stager. The game was highly interesting and when the play was over victory was perched on the boys of Green—the score standing 6 to 3. Hereafter the Lebanon team had carried off the laurels, but this time ability and determination asserted their power and our neighbor boys proved too strong and skillful for the big-league players to maintain their record. At 1 p. m. 1,500 to 2,000 people assembled in a beautiful grove and paid the closest attention to the speeches of their distinguished visitors.

The next day, Saturday, was Campbellsville's time, and in justice to her we are bound to say that nothing was lacking to show appreciation of the visit and the determination to outdo all the towns in this part of the State. Fully 3,000 people were in that beautiful little city to make merry and to extend a cordial greeting to our Governor. At 10 a. m. a procession of 800 was formed, headed by a good band, followed by decorated vehicles loaded with beautiful ladies and determined Democrats and many horses carrying enthusiastic voters. Their guests were escorted through the streets and to the court house where a reception was held for an hour, hundreds meeting and shaking the hand of our present and

future Governor. At 1 p. m. 2000 to 3500 were on the court-house grounds to hear the speeches. Briefly summing up the situation we can only say that the best of order prevailed in every town, that good feeling was manifested, that Democratic enthusiasm and deep, determined and unflinching manifestations to roll up a tremendous majority for the Democratic ticket was never more prominent than at present. Every place is alive, every man is on the alert. The cause is a righteous one and victory inevitable if duty is done.

Mr. Hurt's speech at Burkesville last Monday was highly pleasing to every one who feels an interest in his election. The court-house was crowded and more real enthusiasm was manifested than his most ardent friends anticipated. He spoke at Marrowbone Monday night.

Bills are posted announcing that Hon. M. R. Yarberry and Mr. H. C. Baker will speak here Monday.

We are glad to know that Mr. J. D. Walker and family, who have been living in Columbia for the past year, will remove to their beautiful home at this place, in the near future.

We would like very well to know what has become of our old and reliable friend who at one time was the very source of revenue in the produce line at this place and met competition on the square. He never let a few dozen eggs or a few pounds of dried apples, bought above the market value, keep him away. The merchants have studied his case from beginning to end, and our final conclusion of the whole matter is that he has retired or gone off with the feather renovators. The distinguished gentleman referred to is Mr. Sam Lewis.

THE RAILROAD.

Replying to the inquiries of a representative of the News in relation to the prospect of the railroad, Prof. Ashill said:

"Yes, I have seen and conferred with the parties we are seeking to interest in the road, and there are several things I might tell you of the progress being made; and I appreciate the desire of our community for fresh information, and have tried, in my humble way, to minister to it, but I do not think it important or necessary to warm over the local interest too often. To succeed in an enterprise of this sort requires more than a spasm of good wishes on the part of those persons who never expect to do more than hope it will succeed. Besides the men and women who have it in their hearts to help with their substance when the time comes, need so reassuring that so long as I continue to work for the enterprise there is good ground to expect success in the end."

But I will tell you this. When Col. Russell was here he expressed but one doubt about the feasibility of the undertaking, and that was as to whether an electric motor could handle the heavy loads of freight from this district. I, therefore, went to the city prepared to meet this point. I had assurance from the General Electric Company, out of engines and machinery articles to show him. But no sooner than the subject was touched he said:

"You need not dwell on that phase of the matter. I have been investigating, and I find that there is practically no limit to what we can haul with electric motors. And I find we can get what we want right here at home."

"And when I showed my prospects to one of the Tennessee engineers he said with a smile that I might show them to Col. Powers, but in an office like this it would not be worth while to spend much time over the question."

"There are only about ten miles of difficult grading on the entire line. There are thirty miles which will be as easy of construction as can be found anywhere. My opinion is that the final estimate will be about \$15,000 per mile, including equipment."

"Go now and tell the wise—and the unwise—the well-wishers and the pessimists, that their predictions and idle words will all be laid in remembrance on the train some sweet day."

Mr. Everett James and Miss Lela Harvey, who live near Sparksville, this county, closed to Tennessee last Friday night and were married Saturday afternoon at 5 o'clock. OBITUARY.
Wednesday night, August 19th, 1893, the spirit of Peter Tarter, our beloved father, took passage to the unknown world to us. He was born December 18th, 1829. Was married December 18th, 1848 to Sarah Edwards. They lived happily together until her death, which occurred March 1st, 1890, and wish her his happiness seemed to have been buried as he said on that occasion. His life work is finished and well done; while he left none of this world's good to his children, he left a heritage far more enduring. He left nothing undone that he could do to help those in distress, was generous hearted to a fault, and leaves many friends to sorrow. Out of a family of seven only three survive him. We sorrow but the sorrow is not needed; he told us this and again that he wanted to go to the dear mother who had gone before. We loved him for he was an indulgent father, a devoted husband, a kind friend and neighbor. He professed religion in his 18th year and joined the Methodist church and lived a consistent Christian to the end. He was also a member of the Masonic Fraternity, a member of the Adair County Thelical court, was a cheerful companion, always meeting his friends with a smile and handshake.
Friends and relatives let us strive to meet him where parting is no more.

FEARFUL Odds Against Him
Bedridden, alone and a destitute. Such is brief was the condition of an old soldier by the name of J. J. Haven, Versailles, Ohio. For years I was troubled with kidney diseases and neither Doctor nor medicines gave him relief. At length he tried Electric Bitters. It put him on his feet in short order and now he testifies. "I am on the road to complete recovery." Best on earth for Liver and Kidney trouble and all forms of Stomach and Bowel complaints. Only 60c. Guaranteed by druggist.

Hon. Lewis McGowan, of Bowling Green, in a recent interview says that he has never seen the Democratic party in better condition in Kentucky and predicts a routing for majority for Beckham.
Head of a Bitter Fight.
Two physicians had a long stubborn fight with an obdurate on my right lung writes J. F. Hughes, of Du Pont, Ga. "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely gained my health." It conquers all Coughs, Colds and Chronic and Lung troubles. Guaranteed by all druggists. Price 50c. and \$1.00. Trial bottles free.

Sudden Misadventure.
Carelessness is responsible for many an accident and we never know when it expects. It is well to know for our own benefit and for others that Beckham's Astringent is the best remedy on earth for Burns, Scalds, Bruises, Cuts, Folds, Blisters, and Piles. Only 25c. Guaranteed by all druggists.
The public papers from Congressman Littner's remarks that the only thing about the glove contract that he is sorry for is that it was exposed.
What is Life?
In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in Constipation, Headache or Liver trouble. Dr. King's New Life Pills quickly re-adjusts this. It's gentle, yet thorough. Only 25c at all druggists.

Two physicians had a long stubborn fight with an obdurate on my right lung writes J. F. Hughes, of Du Pont, Ga. "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely gained my health." It conquers all Coughs, Colds and Chronic and Lung troubles. Guaranteed by all druggists. Price 50c. and \$1.00. Trial bottles free.

Sudden Misadventure.
Carelessness is responsible for many an accident and we never know when it expects. It is well to know for our own benefit and for others that Beckham's Astringent is the best remedy on earth for Burns, Scalds, Bruises, Cuts, Folds, Blisters, and Piles. Only 25c. Guaranteed by all druggists.
The public papers from Congressman Littner's remarks that the only thing about the glove contract that he is sorry for is that it was exposed.
What is Life?
In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in Constipation, Headache or Liver trouble. Dr. King's New Life Pills quickly re-adjusts this. It's gentle, yet thorough. Only 25c at all druggists.

FEARFUL Odds Against Him
Bedridden, alone and a destitute. Such is brief was the condition of an old soldier by the name of J. J. Haven, Versailles, Ohio. For years I was troubled with kidney diseases and neither Doctor nor medicines gave him relief. At length he tried Electric Bitters. It put him on his feet in short order and now he testifies. "I am on the road to complete recovery." Best on earth for Liver and Kidney trouble and all forms of Stomach and Bowel complaints. Only 60c. Guaranteed by druggist.

Hon. Lewis McGowan, of Bowling Green, in a recent interview says that he has never seen the Democratic party in better condition in Kentucky and predicts a routing for majority for Beckham.
Head of a Bitter Fight.
